aquanaut 11.5 ak

289 000 € ALL TAX INCLUDED

Description

CAP-MED is privileged to present this magnificent 2008 Aquanaut Privilege 11.5 AK Class B, a Dutch-built steel cruising yacht designed for serene sea and river navigation. Owned by only one owner and meticulously maintained, this model embodies the robustness and timeless elegance of the Aquanaut shipyard, renowned for the exceptional quality of its construction. Measuring 11.65 meters in length with a displacement of 18 tons, it offers remarkable stability and controlled fuel consumption of approximately 5 L/h thanks to its 150 hp Perkins MT 150 TI engine (1,300 hours), known for its reliability. Its exceptional range, with a 1,000 L fuel tank and 800 L fresh water capacity, makes it ideal for extended cruises on European canals or coastal navigation. The technical equipment includes a Mastervolt Whisper 6 generator (178 hours), a 12/220V inverter, an isolation transformer, a complete battery bank, and bow and stern thrusters ensuring optimal maneuverability. The deck, entirely in teak from bow to stern, the wide, secure stainless steel side decks, and the aft cockpit protected by a bimini offer remarkable comfort and safety. The solid cherry wood interior, with its refined marine finishes, benefits from enhanced thermal and acoustic insulation and large tinted double-glazed windows that provide light and comfort. The layout includes a large aft cabin with a central bed, a forward dinette convertible into a double berth, a convertible saloon, a separate head with shower, a separate electric toilet, and a fully equipped galley with a marble worktop, a secure gas oven, a refrigerator, and an integrated Siemens washer-dryer. Oil-fired central heating via radiators, a lift-mounted TV,
