infanta 750

69 000 € ALL TAX INCLUDED

Description

For sale by Orange Yachting: Infanta 7.5 Luxury High Performance RIB
This 7.50 meter Infanta is a spacious and stable RIB, suitable for both private and professional use. Thanks to the sharp hull shape, it stays steady on course in flat water, but also at sea or rougher waters it sails safely and comfortably.

The boat is equipped with a powerful 400 hp Mercury outboard motor with 290 hours of operation and Mercury Active Trim for optimal performance and smooth sailing comfort. With this, the boat reaches a top speed of approximately 110 km/h.

The interior is luxuriously finished with teak in the cockpit and light Macadamia colored upholstery, in very clean condition. Kicker pit speakers provide entertainment, while a Simrad chartplotter offers digital navigation and information. The steering console offers plenty of storage space, with a comfortable seat behind it for the skipper and a three-person bench seat aft. The sundeck on the bow can be removed in sections, creating a cozy round seat in the tip, with plenty of handholds provided by the railings on both sides.

With a width of 2.50 meters, six air chambers, a weight of ±800 kg and a capacity for 12 people, this RIB is both spacious and stable. Additional functionality is provided by storage space in the console, under the sun deck, in the side seats and rear bench, a bow rail for passenger handholds, a navigation bracket and a swim ladder.

This Infanta 7.5 combines powerful performance, luxurious finish and practical functionality in one boat. In very clean condition and ready to sail immediately.
