pershing 7x

PRICE UPON REQUEST

Description

The first of the creations of "Generation X". A bold coupé whose brand – a code used in the aeronautical world to indicate extreme performance and technological evolution – alludes to the unquenchable thirst to set sail at great speed towards new horizons. Pershing 7X is the first page of a fabulous new chapter in the history of Pershing. The aerodynamic design echoes the classic Pershing style, such as the side wings protecting the cockpit, which can be separated or joined to the interior saloon with the innovative opening and closing system of glass doors and windows. The design is completed with four hull windows per bulwark, each with elliptical portholes, thus making the Pershing 7X a true "fighter jet" on the water.
