

SALE PRE OWNED

sanlorenzo SI 102 a

PRICE UPON REQUEST

Description

The sober lines, the balance of the masses, the measured hull openings, the inclined and aligned powers, the streamlined and non-imposing superstructure, there are all the stylistic features and characteristics of the family feeling of the house that are harmoniously applied on the new Sanlorenzo SL102.

From an original idea of Chris Bangle, the brilliant car designer to the technicians and interior designers of the shipyard, up to Bernardo Zuccon, the young architect son of art, who with his sister Martina is dispensing ideas and professionalism to the sector in the continuity of the Zuccon International Project studio.
