## Description

---

Eolo 650 EL: The reliability of new, at the price of second-hand.  
We offer for sale a splendid Eolo 650 EL (Day), a more unique than rare opportunity on the market.

Attention: this is not a normal used car. This boat was used exclusively as a demo boat for technical trials and tests (both hull and engine), sailing strictly only in fresh water.

For this reason, the state of conservation is literally excellent, like new, with very few hours of motion under its belt testifying to its limited and controlled use.

Why buy this Eolo 650?

The key factor in this proposal is the total absence of risk. The purchase is 100% protected by the official warranty of the parent company, perfectly valid both on the hull and on the engine. It is the ideal choice to enjoy outings with family and friends without any worries, on a boat that has already been tested and ready to sail.

Model features:

The Eolo 650 Day is an elegant 6.50-meter open motorboat, proudly produced in Italy by the historic Eolo Marine shipyard. The boat is powered by a reliable HONDA BF 100 AK1 LRTU outboard engine, capable of guaranteeing excellent performance and optimized fuel consumption. Spacious and with a refined design, it is an extremely versatile boat: perfect for quiet coastal/lake cruises, for family fun or for fishing trips.
