mochi craft Mochi 44 dolphin

380 000 € ALL TAX INCLUDED

Description

Since its establishment as a brand of the Ferretti Group, the Mochi shipyard has pursued the goal of rediscovering the traditional nautical world by reinterpreting it in a modern way. This is how boats with a classic and timeless design are born, combining the most innovative construction technologies.

Mochi 44 is characterized by the combination of precious and warm materials such as solid wood and teak with colder ones such as steel; both expertly worked with care and craftsmanship.

This boat is in good overall condition thanks to a total refit carried out in 2024.

The engines were also landed and overhauled in the same year.

RINA deadline in April 2029.

Boat equipped with various options such as watermaker, air conditioner and generator.
