

SALE NEW

linssen Grand sturdy 35.1 sedan

PRICE UPON REQUEST

## Description

---

The new Linssen Grand Sturdy 35.1 Sedan is designed for those who appreciate open living, modern comfort, and a seamless connection to the outdoors. This stylish motor yacht combines compact dimensions with a remarkably spacious and light-filled layout, making it ideal for relaxed cruising with family or friends.

At the heart of the Sedan version is its open cockpit concept. Large, wide-opening doors connect the saloon directly to the cockpit, creating one continuous living space. This smart design enhances the sense of freedom on board and allows you to fully enjoy life on the water, whether you are cruising or moored in a beautiful location.

The interior layout is thoughtfully arranged for comfort and practicality. The bright saloon offers a welcoming seating area and a well-equipped galley, while the forward cabin features a generous double bed, along with a separate shower and toilet compartment—ensuring a high level of onboard comfort within a compact yacht.

Performance and handling are, as expected from Linssen, outstanding. The advanced hull design provides excellent stability and smooth cruising characteristics, while modern onboard technology and efficient engine configuration ensure easy maneuverability and reliable performance on inland and coastal waters.

Flexibility is also a key feature of the 35.1 Sedan. The saloon bench can be effortlessly converted into an additional double berth using the Linssen Easy Sleep Convert System®, allowing you to accommodate extra guests whenever needed.

With its open layout, contemporary design, and refined cruising
