

SALE NEW

linssen Grand sturdy 40.1 sedan

PRICE UPON REQUEST

Description

The new Linssen Grand Sturdy 40.1 Sedan represents a refined step forward in modern motor yachting, combining open living with a completely renewed interior and a contemporary hull colour that enhances its distinctive character.

A standout feature of this latest generation is the introduction of two exclusive interior colour schemes: Sandstone Serenity and Olive Grove. Sandstone Serenity creates a light, calm, and airy atmosphere with soft natural tones, while Olive Grove offers a warmer, more pronounced and inviting ambiance. Both designs make use of high-quality materials and updated finishes, giving the interior a sophisticated and modern feel.

The Sedan's signature open layout remains at the heart of the design. Wide, double, outward-opening doors seamlessly connect the saloon with the open cockpit, transforming the space into one large, continuous living area. This creates a unique onboard experience, bringing you closer to the water and allowing for effortless indoor-outdoor living.

Inside, the bright saloon offers a comfortable seating area with the Linssen Easy Sleep Convert System®, enabling an additional double berth when needed. The well-equipped galley and inviting dining area make life on board both practical and enjoyable. Cleverly integrated storage solutions ensure maximum comfort during longer stays. Large windows enhance the sense of space and flood the interior with natural light, beautifully showcasing the new design. The forward cabin is equally bright and comfortable, featuring a spacious double bed,
