

SALE NEW

linssen Grand sturdy 45.1 sedan

PRICE UPON REQUEST

Description

The new Linssen Grand Sturdy 45.1 Sedan combines generous space with a modern, open design, now enhanced by a completely renewed interior and a contemporary hull colour that underlines its refined character.

A key innovation in this latest generation is the introduction of two exclusive interior colour schemes: Sandstone Serenity and Olive Grove. Sandstone Serenity creates a light and calming onboard atmosphere with soft, natural tones, while Olive Grove offers a warmer, richer look with a more classic and inviting feel. Both styles feature high-quality materials and updated finishes, bringing a new level of elegance and comfort to the interior.

The Sedan's signature strength lies in its seamless connection between the saloon and the open cockpit. Wide, double, outward-opening doors transform these areas into one expansive living space, allowing you to fully enjoy life on the water in a bright, open, and sociable environment. Inside, the spacious saloon offers a comfortable seating area equipped with the Linssen Easy Sleep Convert System®, providing an additional double berth when required. The well-designed galley and inviting dining space make onboard living both practical and enjoyable, while smart storage solutions ensure everything has its place during longer stays.

Large windows surround the saloon, flooding the interior with natural light and enhancing the sense of openness. The forward cabin continues this feeling of comfort and space, featuring a generous double bed, ample storage, and a separate shower and toilet.
