riva Ariston

PRICE UPON REQUEST

Description

The Riva Ariston is considered by Carlo Riva to be his most elegant boat and is the only model built during his entire management of the shipyard. 1012 units were produced. With this model we enter the full period of the "Dolce Vita", harmonious and captivating lines. "Ariston" from the Greek "the best, the most excellent". Its beautiful smooth curves at the bow that taper elegantly towards the narrow and low transom, all decorated with a classic decking in very shiny and continuous mahogany, make it one of the most immediately recognizable and beautiful motor boats of all time. The standard Ariston remained in production until 1971 and the Super until 1974. At this point over 1,000 boats had been built.

Complete refit and engine brought back to zero hours by a specialized Riva shipyard, located on Lake Maggiore. No work to be done, truly perfect boat.

Approximately hull number: 335.
