wally Wallypower 58

2 600 000 € ALL TAX INCLUDED

## Description

The WallyPower 58 is an extraordinary yacht that blends cutting-edge technology, elegant design, and ultimate comfort. Powered by three VOLVO PENTA IPS800 engines (totaling 1800 hp), it delivers exceptional performance and efficiency. The yacht's glossy blue metallic hull and deck exude sophistication. The teak deck, with light grey joints, adds a refined touch to its aesthetic. The spacious rear area features an electric canopy that shields the sunbathing and dining space, supported by removable carbon poles. The rear platform comes with a hydraulic system for easy lifting and lowering of the tender. It also features retractable cradles, designed for a Williams Turbojet 325. Equipped with advanced technology, the WallyPower 58 boasts VOLVO dynamic positioning and 22-inch multitouch displays in the cockpit, a significant upgrade from the standard 16-inch screens. The yacht also includes a Garmin HD+ radar, Garmin B-class AIS, a 24V electric projector, and an integrated chain counter for added convenience. The interior offers superior comfort with advanced air conditioning, a Seakeeper 9 gyro stabilizer, and an enhanced 4G internet connection. For practicality, the yacht features a watermaker that produces 130 liters per hour, a 15 kW generator, and an ice factory with an independent tank and multiple refrigeration spaces. The JL Premium audio system, complete with a subwoofer, delivers incredible sound quality. White underwater lighting on the back and sides enhances the yacht's visual appeal at night. The cabins feature carbon toilets, showcasing Wally's commitment to innovation and detail. Contact us today to arrange a private tour and experience the WallyPower 58—a
