

SALE PRE OWNED

ferretti yachts Ferretti 720

PRICE UPON REQUEST

## Description

The concept of the 720 revolves around a precise philosophy: to eliminate any barrier between inside and outside.

The main deck develops as an open and continuous environment, where the saloon welcomes with generous volumes and a perception of space typical of larger yachts. The floor-to-ceiling side windows offer a constant panoramic view, creating a direct dialogue with the sea.

### INTERIOR SPACES

Full-beam master cabin: a large, bright and quiet space, positioned in the center of the hull to maximize stability and comfort. The en suite bathroom and the refined finishes contribute to creating an intimate and sophisticated environment.

VIP cabin in the bow: generous and perfectly balanced in proportions

Two guest cabins: versatile, ideal for both guests and family

The crew cabin, completely separate, guarantees discreet and independent operation.

### OUTDOOR SPACES

Flybridge among the largest in its category, ideal for relaxation and entertainment

Sunbathing area in the bow with lounge and dining area

Large cockpit with dining table

Hydraulic bathing platform with direct access to the sea

### DESIGN & PERFORMANCE

Designed by architect Filippo Salvetti in collaboration with Ferretti Group, the 720 stands out for its elegant lines and sporty profile. Its design solutions guarantee high performance combined with stable
