italia yachts Iy 9.98 nextgen

PRICE UPON REQUEST

Description

Created to dominate regattas and surprise at every pace, the IY 9.98 NEXTGEN represents the evolution of the Fuoriserie line. Lighter, stiffer, more powerful, more technological.

Every detail has been rethought to offer a pure sailing experience, where speed and control come together in perfect balance. The result is a construction technology whose construction technology improves rigidity by 35%, reduces weight by 20% and achieves 17% higher performance than the standard version.

A concentrate of Italian technology and passion, designed for those who are not satisfied but want to lead the fleet.

Internally, the NextGen, while remaining a boat intended for racing, does not give up comfort and refined design. The interiors are made of lightened composite, with functional and refined finishes.

Cauldrons, doors and hatches are made of the latest generation materials. The Batyline cushions — fireproof, ecological and ultra-light — combine safety and sporty style. A regatta galley, bathroom with shower and toilet, 220V/12V electrical system and on-board audio system complete the equipment.

Navigation equipment:

AIS, Rudder angle indicator, Display (B&G Triton 2), GPS (B&G), Autopilot (B&G).

Staging and technical:

Engine Alarm, Bilge Alarm, Deck Shower, Manual Bilge Pump, Shorepower connector, Rod rigging, swimming ladder, Winch (Harken Performa).
