itama 45

295 000 € ALL TAX INCLUDED

Description

An absolute icon of Italian boating, this 1987 Itama 45 is now presented in a completely refitted and updated configuration, positioning itself as a non-standard product compared to the market average. Not a simple period unit, but a contemporary reinterpretation of a timeless classic.

The refit has substantially affected both the aesthetic and technical components, bringing the boat to a current standard. The topside has been fully painted, with a result equal to new, while the deck has been redone with a non-slip finish, improving safety, perceived quality and consistency with the premium positioning.

From a technical point of view, the unit stands out for its mechanics that have already been overhauled and ready for use: the Caterpillar engines, with about 1500 hours, have benefited in 2025 from interventions on the turbines and injection system, guaranteeing reliability and performance. The generator, overhauled in 2025 with zero hours, completes a feature that eliminates the main critical issues typical of this category.

The boat is season ready, with no need for additional investment. A concrete solution for those who want to enter the Itama world with a product already aligned with current standards, avoiding time, costs and uncertainties related to refit.

INTERIOR DESCRIPTION

The interiors have been completely renovated, with a simple, modern and functional layout.

The layout includes two main cabins served by a bathroom, to which
