**okean 55 open sport**

## Description

The Okean 55' Sport embodies a new vision of yachting, combining innovative design, optimised space and exceptional performance. With multiple layout options, it offers a closed cockpit and rear access doors for a custom experience.

Powered by two 600 hp Volvo IPS 800 engines, it reaches 35 knots at top speed. With 5 meters wide, its right bow can be converted into an outdoor living room or transformed into a huge solarium. In addition, its hydraulic side bridges open fully, bringing the total surface to 100 m<sup>2</sup>.

This model is fully equipped with hydraulic side pads that expand the space on board, a hydraulic bathing platform for easy access to water, a stabilizer ensuring smooth navigation and an integrated generator for full autonomy. Its composite teak adds a touch of elegance and durability, while the outdoor kitchen with barbecue allows for convivial meals at sea.

Navigation is facilitated by a 16" Raymarine dual display and the premium Fusion audio system delivers exceptional sound quality on board.

Technology, space, comfort and speed deliver an unmatched experience.
