Description

The Fairline Targa 39 from 1997 is an iconic boat, combining the sporty character typical of Fairline models with an elegant and timeless line. This model stands out for its completely renovated interior, restored to the classic and refined Phaline style, with fine finishes, high quality materials and a layout designed for maximum comfort on board. On the outside, the Targa 39 maintains its sleek and sporty lines, with a large and functional cockpit, ideal for outdoor living and conviviality. The driving area is ergonomic and well positioned, offering full control and visibility while cruising. At the stern, the swim platform allows easy access to the sea, while the large sundeck guarantees moments of relaxation during stops at anchor. Below deck, the interiors redone in Fairline style feature a welcoming and bright main cabin, renovated bathroom with elegant solutions, and a living area with attention to detail, which combines aesthetics and functionality. Each element is designed to experience the boat with comfort, both for multi-day cruises and for daily sailings. From a performance point of view, the Fairline Targa 39 retains its solidity and stability at sea, ensuring safe and responsive sailing even in variable conditions. This model therefore represents the perfect fusion of sportiness, elegance and contemporary comfort, ideal for those who want to experience the sea in style, without sacrificing the typical performance of a Fairline.
