## Description

**THE ANTI-DINGHY HAS ARRIVED..... AND IT'S READY TO SAIL**

If you love dinghy, this boat will change your mind. The new Quarken Anti-Inflatable Boat combines the driving sensations of a RIB with the performance, solidity and value of a real rigid boat.

Same freedom. More speed. Fewer compromises.....

Quarken is a Nordic shipyard that embodies the essence of high-end Scandinavian yachting: clean design, intelligent functionality and uncompromising build quality.

Each boat is born from a precise philosophy: to use superior materials, advanced technical solutions and finishes typical of higher category boats, normally reserved for much larger boats.

NEW, INCLUDING YAMAHA 1X300 ENGINE, TRADE-INS ARE BEING EVALUATED, POSSIBILITY OF FINANCING WITH NAUTICAL LEASING

WHY DOES HE CHOOSE QURKEN AND NOT A DINGHY.....!!!!!!

✓ High performance outboard, top speed with 1x300 Yamaha 44 knots

✓ Faster and more stable than a traditional inflatable boat

✓ No tubular = less maintenance, less cost

✓ Improved value retention over time

✓ Optimized consumption

✓ Modern, sporty Nordic design

It's the smart choice for those who want to sail strong, safe, and with a long-lasting investment.

A NEW BOAT CONCEPT

It is not a dinghy.
