Description

3 cabins, 3 bathrooms, double crew cabin with bathroom
The external line of the Ferretti 630 is very sharp and aggressive thanks to an innovative single window, with a spherical shape, which reaches from the stern to the bow. From the inside, the result is 360-degree visibility over the sea and increases the feeling of depth. The inclusion of the large open-view windows in the owner's cabin is a further plus in light management, a solution that equates the Ferretti 630 with larger boats.

In the cockpit of the Ferretti 630 there are 2 fixed teak tables that can be joined with an additional table and can accommodate up to 8 people. A bar cabinet with the possibility of inserting an ice maker has been created close to the area dedicated to the kitchen, which dialogues with the outside through an up-and-over door. From the cockpit it is possible to access the crew area where there is a cabin with two beds and a private bathroom.

Entering the dinette, a large U-shaped sofa with a low central table is positioned on the left, while on the opposite side there is a dining area with a table and 4 chairs and an L-shaped sofa that offers additional seating.

Going below deck, we find the VIP cabin with a double bed, a large wardrobe, two bookcases on either side of the bed and a bathroom with a separate shower and teak floor. On the right is the guest cabin with twin beds that shares the bathroom with the living area.

The owner's cabin is equipped with a large wardrobe and a large bathroom with separate shower with teak flooring. Upon entering, the
