Description

Designed with absolute precision, durable durability and thoughtful comfort, the 46 LS is designed to take you not only further, but fully into those moments you'll keep remembering even after you're back on the ground. Three distinct aft cockpit modules allow the owner to customize the experience on board, whether for entertainment, adventure or pure relaxation, enhanced by a terrace on the port side that opens the boat to the sea. Sliding glass doors close the cockpit offering protection from the elements, while below deck there is a refined and welcoming environment, with an owner's cabin in the bow, a guest cabin amidships and a fully equipped bathroom. The carefully designed galley in the central cockpit, together with the ample preparation spaces and pantry below deck, creates a functional and stress-free context for hospitality on board.
