Description

The Excellence 38 from the renowned ARCOA shipyard offers the very best of what the owner of a 12-metre motor yacht can expect.

The hull was built in 2010, but this model was launched in 2012.

The strengths of this model are as follows:

THE FLYBRIDGE: On the fly, the pilot station has a double armchair offering panoramic visibility. There's also a removable teak table for lunch.

QUALITY: Quality materials are ARCOA's strong point, and you'll find quality woodwork, alcantara upholstery and surprisingly spacious accommodation on board.

NAVIGATION: This model is ideal for sailing and living on board. The galley is spacious and optimised, the two cabins are large and there's plenty of natural light.

STORAGE: Plenty of storage space on the floor, under the lockers, in the cockpit and in the cabins, with real hanging lockers.

This is a first-hand boat that has always been maintained by its owner, who has a full history of invoices.

Well equipped with all electronic equipment: Pilot, Joystick, AIS, Radar, Raymarine 12' screen...
