Description

The Xpagoda project marks a significant leap forward in the luxury charter industry. At 60 meters, the yacht offers exceptional versatility. It accommodates 20 to 24 passengers in 10 to 12 luxury suites in its deluxe configuration or up to 30 passengers in 15 cabins in the economy setup. This versatility has attracted significant interest from investors in the superyacht sector, luxury hotel brands, small cruise lines, and real estate funds. Moreover, the Xpagoda perfectly embodies the growing trend for boutique cruises, offering exclusive, tailor-made yachting experiences that are now more accessible.

Xpagoda is more than just a yacht; it is a fully customizable platform. Buyers can choose either fully furnished, operational vessels or opt for designs tailored to fit their brand specifications. This option reduces both design and construction costs, while delivering a highly personalized and luxurious product.

In addition to its luxurious design, Xpagoda offers a unique experience. The yacht provides access to remote destinations such as the Maldives, Indonesia, and the Galapagos Islands, or glamorous locations like Saint-Tropez and Sardinia. Guests will enjoy authentic, exceptional experiences, with every aspect of the yacht designed to ensure the highest level of comfort and luxury.

Xpagoda yachts are built with a focus on energy efficiency, combining sustainability with opulence. The design emphasizes every detail to ensure an unforgettable voyage that balances sophistication and practicality.

As demand for luxury charters increases, Xpagoda shifts the focus to
