Description

The Ocean Alexander 42 Altus is a semi-displacement motor yacht with a focus on stability, range and living comfort. High-quality materials have been processed with great attention to detail.

Characteristic is its robust construction ("overbuilt") and generous room layout with the galley opposite the control stand, which makes it feel larger than its actual length!

Body repainted and windows resealed in 2025. New antifouling, otherwise ultrasound from Chipsonik. 2 propellers sent in and reworked, machines just serviced: impeller new, fuel hoses new
