nautor swan Swan 77-006 callisto **1 250 000 € ALL TAX INCLUDED**

Description

The Swan 77-006 'Callisto' is a sailing yacht that perfectly blends luxury and performance. Designed by Germán Frers, this yacht offers the accommodation of a larger cruising boat combined with the agility of a thoroughbred. Over the years, Callisto has been meticulously maintained and has undergone significant refits and upgrades. Key features include a comprehensive refit at Nautor's Swan Shipyard in 2022, which ensures the yacht is in excellent condition. The hydraulic and electrical systems have been overhauled, and new inverters, battery chargers, and LED lighting have been installed. The yacht is equipped with a new sound system, smart LED TV, and 5G Wi-Fi system, enhancing onboard comfort and connectivity.

The galley has been refitted with a new Corian worktop and modern appliances, making it both functional and stylish. Callisto also features new mattresses and professionally cleaned leather upholstery, providing a fresh and comfortable living space. Additionally, all portholes and manholes have been replaced, and new roller blinds and mosquito nets have been installed.

The yacht's tender has been completely overhauled and is now equipped with a new Honda 40hp engine, ensuring reliable performance for trips ashore.

With its combination of luxury, performance, and recent upgrades, Swan 77-006 'Callisto' stands out as a well-maintained and highly capable sailing yacht.

Accessories notes:

The Swan 77 was Nautor's answer for the discerning owner who needed
