Description

This 2022 Bluegame BG54, which belonged to a single owner and was kept in excellent condition, authentically interprets the Bluegame vision: a boat capable of combining character, freedom of movement and sailing pleasure in a single fluid and contemporary experience. The presence of the Volvo Penta IPS 950 engines, upgraded from the standard, together with the Seakeeper, defines a natural, stable and intuitive way of sailing, where performance translates into comfort and absolute control.

The spaces are designed to experience the sea without borders, with harmonious continuity between exterior and interior and a two-cabin layout that favors privacy, light and livability on board. An ideal BG54 for those looking for an elegant but concrete boat, capable of adapting with ease to dynamic days at sea as well as to more relaxed cruises, always leaving room for the pure pleasure of sailing.
