mostes Offshore 31

PRICE UPON REQUEST

Description

This boat is intended for demanding and prepared customers in terms of performance and safety, excellent maneuverability and stability, two decisive details of the Offshore 31.

The cockpit is excellently sheltered by the wraparound windshield that extends to the sides.

The entire central area of the cockpit houses an elegant and comfortable L-shaped dinette capable of accommodating numerous passengers.

To complete the picture relating to the cockpit fittings we find a minibar built into the left side.

The aft area houses the sundeck, an intelligent solution that provides a cushion recessed between the bulwarks and the transom, offering safety and protection even in the event of navigation at high speed. The bathing platform is beautiful, well integrated into the hull, from which the cockpit is safely accessed with a central entrance walk with a teak bottom.

The ladder to get out of the water and the outdoor shower complete the equipment of the aft area.

Below deck, the open space is bright and welcoming, including a kitchen cabinet and a bathroom in a separate room.

As soon as we get off we find the kitchen cabinet and the bathroom in a separate room.

The forward "V" dinette is sized to offer up to two berths.

The opening side portholes and manhole guarantee light and air to the interiors.
