Description

The BS 160 embodies the Novamarine philosophy, with large, versatile surfaces that meet different needs. Combining safety and speed, it offers convivial and relaxing spaces both on deck and below deck for maximum comfort. Designed for long distances, the shallow draft allows you to explore shallow waters and get closer to shore. This BS 160 is in an outboard version, certainly the most appreciated and sought after. The deck has a dinette under a spacious roof, with fridge, sink, galley and storage, and a bow that converts into a sofa, sundeck or dining area. Below deck, a dinette that converts into a bed and a bathroom with separate shower offer a bright and air-conditioned environment. The design close to the waterline facilitates contact with the sea through side doors and aft accesses. Contact us.
