tykun Tykun x

PRICE UPON REQUEST

Description

Where you start to get lost. And you choose to stay. There is room for speed. And room for those desires that just ask you to slow down. The Tykun X accompanies you wherever you want to go, without forgetting the pleasure of enjoying every moment. It is the boat that takes you far and, in the meantime, makes you feel exactly where you want to be. The military DNA with which mother nature has endowed each TYKUN model is combined with the power of aluminum, giving life to a new way of experiencing the sea. 5083 aluminum, used in shipbuilding and the most extreme missions, is not only very strong, but also surprisingly light. This combination makes it ideal for tackling the sea with agility and power, ensuring impeccable performance even in the most difficult conditions.
