Description

JEANNEAU PRESTIGE 30 S – 2007

The Prestige 30 S belongs to Jeanneau's Prestige range of motor yachts, recognized for their elegance, performance and comfort.

Design: The Prestige 30 S features clean, modern design lines, emphasizing style and luxury. It generally has a sporty profile with large portholes and a spacious cockpit. This model is the rigid hard-top version with an electrically operated sunroof.

Dimensions: The Prestige 30 S measures less than 10 meters in length, making it a compact but comfortable yacht suitable for cruising and entertaining.

Accommodations: Despite its relatively small size, the Prestige 30 S offers comfortable living spaces for overnight stays or short cruises. We access the board via a large bathing area, immediately passing through a U-shaped saloon (on the starboard side) and a bench seat (on the port side). Inside we will find a well-appointed cabin, a kitchen, a bathroom and a lounge area that can be converted into a bed.

Performance: The Prestige 30 S is designed for performance and efficiency. This model has a total power of 560 horsepower, allowing it to reach more than 40 knots at maximum speed, which makes it suitable for both leisurely cruises and more sporty sailing activities. The aesthetic hull of the Prestige 30 meets expectations, with excellent passage in the sea and perfect deflection. In addition, its significant width exempts it from flaps.

This Jeanneau Prestige 30 S is a stylish and well-equipped motor yacht that offers a blend of performance, comfort and luxury in a compact
