Description

The Felci 61 is an important boat, designed for those who want to sail fast without sacrificing the comfort and autonomy of a true ocean-going cruiser. Cariboni's "Lifting Keel" system allows the draft to be adjusted from 1.80 to 3.80 meters. CN Yacht 2000 carbon design, with Marstrom mast and complete One Sails rigging with mainsail, genoa, gennaker, Code 0, staysail, and storm jib: equipment that allows you to always choose the ideal configuration, optimizing performance and control in all conditions. The double carbon wheelhouse and Max Power retractable bow thruster make maneuvering and handling precise even with a small crew, while the tender garage and carbon gangway improve organization and practicality at anchor. Shenker watermaker, Webasto air conditioning, Eberspacher heating, and Fisher Panda generator ensure autonomy and prolonged comfort. Complete B&G and Furuno electronics with radar, AIS, and autopilot for navigation that is always under control. A solid, high-performance boat that is ready to sail in earnest.
