HORSE POWER 2 X 160 HP			

Description

Speed, lightness and resistance have been, for more than 30 years, the main characteristics of Airon Marine boats designed by Paolo Molinari on Lake Como.

The 325 model is a boat that combines comfort with sportiness.

This example is in excellent general condition thanks to the constant maintenance carried out by the current owner.

In particular, in 2024 the complete service of the engines (oil, filters, impellers, diesel filters) and the complete maintenance of the stern drives were carried out.

The boat has always been used exclusively in the summer months in fresh water.

More info and a complete list of works available on request.

Through the comfortable aft platform you enter the cockpit characterized by a C-shaped dinette on the starboard side that can be converted into a sundeck. Towards the bow, on the same side, is the bridge served as a seat for the pilot and co-pilot.

Going below deck, you enter the internal dinette characterized by a long L-shaped sofa on the starboard side which contrasts with the toilet room and the kitchen cabinet. Amidships the guest cabin with flat beds while towards the bow the owner's cabin with a single V-shaped bed.

Staging and technical:

2 Batteries, Deck Shower (pozzetto), Fire Extinguishing System (automatico), swimming ladder.

Entertainment:

Speakers (pozzetto), Hi-Fi.
