## Description

---

The Toy 39 outboard is proposed with two 300 horsepower engines, pleasantly integrated into the classic lines, but with a sporty style typical of boats with this engine. Il Toy 39 outboard can reach a cruising speed of thirty-five knots while maintaining the maximum safety and comfort of the classic version. New water lines have been developed for this model to better manage the power of the outboard engines and the high performance guaranteed by these engines. The new hull has been designed to be able to manage even higher powers given by different engines in complete safety. The high performance of the engines and the deep V hull allow reaching high speeds without sacrificing stability even in rough seas. This type of propulsion also allows for a lighter boat, therefore more performing and reactive and with lower consumption. In addition, the streamlining of the systems and the accessibility of the motors makes maintenance easier. An ideal boat for those who love performance without sacrificing an elegant and classic design.

Navigation equipment:

Rudder angle indicator, Radar Antenna, Electronic engine control, On-Board Computer (Mercury), Chain counter, Depth Sounder (Garmin), GPS (Garmin), Joystick (Mercury), Autopilot (Garmin), 2 Chartplotter (Garmin), Control panel, Radar (Garmin).

Staging and technical:

2 Engine Alarm, Bilge Alarm, Anchor (con catena 120M), Water pressure pump, Teak Side Decks (sintetico), Shore power cable, Deck Shower, Directional Spotlight (con telecomando), Electric Flaps, Hard top (elettrico), Fire Extinguishing System, Washbasin in the cockpit, Courtesy
