2006 New Yanmar engine

A One Tonner by Vallicelli ideal for cruising, but with strong racer attitudes.

It was 1985 when the design of the Comet 12 was born from the pencil of the designer Andrea Vallicelli. Mass-produced by Comar, this 12-meter One Tonner was considered among the avant-garde prototypes of the Forlì shipyard for its sleek lines, low deckhouse and stern spoiler; characteristics that made it one of the most competitive models in the national circuit of offshore regattas. Thanks to the spaciousness of the interior, even the cruising version, in which the displacement and profile
