## Description

---

The Saxdor 320 GTO is a 10.28-metre Finnish boat that has redefined the sporty day boat segment with its bold design, high performance and competitive price. The double-redan hull and outboard engine offer searing acceleration and impeccable seaworthiness, ensuring dry and safe sailing even when the sea gets challenging. Terraces overlooking the sea: the real "wow effect" is given by the standard folding bulwarks, which transform the cockpit into a huge private beach suspended over the water. Modular spaces: The cockpit adapts to your every desire. You can configure it as a dining area for aperitifs at sunset, or transform it into an immense sundeck.

Design and technology: the helm station is very modern, equipped with dual 12-inch screens and ergonomic lines that wink at automotive design. At the bow, the walk-around passage is very comfortable and leads to a sundeck perfect for relaxing. Surprising interior: despite its sporty soul, below deck it hides a cozy cabin with a comfortable double bed and a separate bathroom, ideal for enjoying a weekend away.

Navigation equipment:

Electronic engine control (Mercury), On-Board Computer (Mercury), Tachometer, Hours Counter (Mercury), GPS (Doppio monitor Raymarine), Co-pilot seat.

Staging and technical:

Engine Alarm, Bilge Alarm, Water pressure pump, Shore power cable, Deck Shower, Electric Flaps, Hard top, Flaps Indicators, Washbasin in the cockpit, Courtesy Lights, Platform, Automatic Bilge Pump, Entry door, Shorepower connector, Rollbar, swimming ladder, Living Room Foldable
