Description

This 2017 Amer 94 is definitely a sleek beauty. But it's not only about the way she looks, the main thrill comes after the intelligent layout and the rich equipment she's coming with. 4 guests cabins divided and accessible out of two different areas. The Master cabin and the two Vips are set amiship, with a walkway down from the main salon. Then a 4th versatile cabin up front, that's the one you may dedicate to a special guest, or to your grown up kids, or to whomever is in need of more privacy. Or eventually that could be an additional crew cabin; the best crew zone ever. This one is accessible from the front part of the main deck, right aside the main dash. The exteriors are just simple good. The flybridge comes in 3 well proportioned main areas: cocktails and sun at the back, dining in the middle and driving station and two utilities isles up front. We loved this cockpit, well divided and so cool the hardtop-boat-like sunpad at the very stern of it. Finally the garage, immense. And good to have the up down platform too. So you fit in your big tender + lots of space for a good array of toys is left, and in case your jetski goes on the plaform. That moves indipendently from the garage door. The equipment defiitely thicks every box: Seakeeper stabilizer, Volvo DPS positioning system, nr.4 joystick controls stations, modern navigation equipment. Home-like utilities insideout. When not nr.3 Volvo IPS taking her to 29kts max and 23/24kta continous
