

SALE PRE OWNED

azimut 66 flybridge

1 590 000 € ALL TAX INCLUDED

Description

Azimut 66 Flybridge, 2018, single owner.

Private yacht, VAT paid.

The owner of this vessel did not want the Seakeeper nor the hard top on the flybridge installed.

Both elements can easily be retrofitted, but the stabilizer is not really necessary in the sheltered waters of Croatia, where the yacht has always been used in the summer. And the electric bimini on the flybridge works beautifully, extends and closes automatically, and is very strong even under sailing.

Everything else was installed:

wine cellar, washer/dryer, watermaker, icemaker, grill, bow and stern thrusters, joystick, yacht controller, and a fully equipped crew cabin. A very complete boat.

With very few hours of use on the engines and generator, she is in like-new condition.

Very reliable seller for this 2018 Azimut 66 Flybridge

The Azimut 66 Flybridge is a truly interesting and well-executed model: The entire superstructure is full carbon, providing exceptional lightness and an optimal center of gravity even with a flybridge of enormous dimensions for its category.

Four guest cabins, three bathrooms, and a splendid salon with a large galley. It can accommodate a mini bar area with two stools, if desired. Or, as in this case, it can be left empty and leave space free... or even better... use it for a cabinet dedicated to the slicer.

A crew cabin aft with two berths.
