2017 GPS B&G new  
2015 Rigging Replaced  
A central cockpit and semi-long keel characterize this boat by Olle Enderlein  
The Hallberg Rassy shipyard presents the Rasmus 35 in 1967. It is a project by Olle Enderlein for offshore cruising with a semi-long keel that acts as a skeg for the integrated rudder, long bow momentum, flat and reverse stern.  
It has a central cockpit, a square deckhouse, a dolphin boat and was the first production boat to have a windshield.  
The first 3 models were built in mahogany wood, then in fiberglass; solid, with significant displacement, it is spacious inside where it offers 2 berths at the bow and stern and another 2 in the sofa in the saloon by lowering the table; The kitchen is on the wall.  
760 units were built until 1978 and an association of owners is still active.  
Navigation equipment:  
Rudder angle indicator, Display, GPS (Nuovo 2017 B&G), Plotter with GPS antenna, Wind Station (Raymarine).  
Staging and technical:
