bavaria yachts Nautitech 46 fly

475 000 € ALL TAX INCLUDED

Description

The Bavaria Nautitech 46 Fly is a catamaran designed for those who imagine the sea as a place of freedom to be truly enjoyed with family or friends, without sacrificing comfort and simplicity. With a single owner and never used for charter, it retains that authentic atmosphere that you feel as soon as you step on board: generous spaces and bright rooms that transform every outing into a mini-cruise. The furling mainsail makes sailing more relaxed and intuitive, perfect even when you want to set off on a whim and enjoy the wind without complications. The flybridge becomes a panoramic spot where you can share sunsets and laughter, while solar panels, air conditioning, a generator, three internal refrigerators plus one external, B&G electronics and underwater lights create a complete and enjoyable on-board experience at any time of day. It is the ideal choice for those looking for a catamaran ready to offer quality time at sea, with the security of a well-maintained boat designed to be truly enjoyed. If you are already imagining your next route and the moments you could share on board, this could be the right boat for you to discover.

The data contained in this document are not to be considered contractual.
