azimut Grande trideck

PRICE UPON REQUEST

Description

The highly innovative aesthetics of the Grande Trideck offer a new ideal called 'three decks + one': a spectacular raised intermediate deck at the stern that expands the visual boundaries of the classic three-deck concept.

Together, the four total terraces cascading over the sea create a highly dynamic and immersive effect, revolutionizing the traditional division of spaces on board in a contemporary but absolutely unexpected way.

Experience the absolute sea with Grande Trideck.

SCULPTURAL ELEGANCE

The lines of Grande Trideck are modern, refined and perfectly shaped. Its silhouette perfectly expresses the 38 meters of a majestic flagship with large volumes, hidden in a play of solids and voids that gives a feeling of floating lightness, forging a new nautical language inspired by the future.

A WORK OF ART BETWEEN SKY AND SEA

The Sea View Terrace, a real stage on the sea, was created to admire the view from a unique and privileged point of view, suspended over the spectacle of the water. At the same time, the upper sundeck is the ideal place for relaxation and sunbathing, while the upper deck below houses the main outdoor convivial area. Last but not least, the beach area at the stern: the ideal trait d'union between the guests on board and the surrounding nature.
