Description

The Sessa Key Largo 24 is one of the most successful open and semi-cabin cruisers from the Italian shipyard Sessa Marine. It is a compact, sporty and trailerable model, ideal for day trips, short weekends at sea or water activities.

Version with 1x280 Volvo Penta V6-280-CE sterndrive engine, which completely cleans the stern line offering an even more spacious swim platform. Below deck is a small cabin with a convertible double bed and a toilet.

Little used and always maintained. Mainly used in fresh water. Over time, several improvements have been made to increase comfort and functionality on board: extension of the awning, 220V and USB electrical sockets, LED lights.
