## Description

---

### BENETEAU FIRST 53 F5 Farr Design – Pininfarina Interior

A pedigree performance cruiser with outstanding potential

Lying in Southern Brittany, this Beneteau First 53 F5 (1991) represents a rare opportunity to acquire one of Bruce Farr's most successful offshore designs, enhanced by the unmistakable touch of Pininfarina.

Built in limited numbers, the First 53 F5 remains highly regarded for her balanced sailing performance, refined lines and enduring build quality. This example offers an excellent platform, combining strong fundamentals with the opportunity for light optimisation to suit her next owner's program.

### Construction & Recent Works

The yacht has benefited from significant recent structural investment (2025), including:

Structural floors (varangage) professionally rebuilt

Keel removed, inspected and reinstalled

New keel bolts and fastening system

Hull structure locally reinforced

A 2026 marine survey confirms a sound structure, good overall condition and no inherent weaknesses.

### Deck & Sailing Systems

A powerful and well-thought-out deck layout, equally suited to performance sailing and short-handed cruising:

Twin helm cockpit with teak seating

Comprehensive Lewmar winch package including electric winch

Navtec hydraulic systems (vang and rig controls)
