

SALE NEW

delta powerboats 48 coupé

Description

The Delta 48 Coupe embodies two decades of visionary Swedish engineering, combining elegant proportions with uncompromising performance and advanced marine technology. This newly available carbon-fiber sport cruiser exemplifies the partnership between Delta Powerboats and internationally renowned designer Ted Mannerfelt, offering a distinctive luxury motorboat that seamlessly blends Mediterranean cruising comfort with exhilarating seagoing capability.

Built using an advanced carbon fiber composite laminate with Divinycell foam core infusion technology, the Delta 48 achieves an exceptional dry displacement of just 8,000 kilograms while maintaining the structural rigidity and longevity expected of a high-end European yacht. The hull design features a deep-V configuration with a 22-degree transom rake and innovative double-bottom geometry, engineered for superior seakeeping, fuel efficiency, and thrilling performance across a variety of Mediterranean sea conditions. Every element—from the handcrafted Scandinavian interior joinery to the precision mechanical systems—reflects a commitment to uncompromising quality and craftsmanship that upholds Delta's reputation for excellence.

This Delta 48 Coupe is now available through ALL YACHT MC, the distributor of Delta Powerboats throughout France and Monaco.
