

SALE PRE OWNED

riva Ariston super

290 000 € ALL TAX INCLUDED

Description

The Ariston is the most famous of the motorboats designed by Ing. Riva as well as the longest-lived model in wood production. This rare example in the 1968 Super version belongs to the third series characterized by the latest evolution of the hull which appears more slender and with a new dihedral designed for smoother navigation on the water.

The boat was totally restored by a well-known shipyard in 2003 and is equipped with the original Thermo Electron 320 HP engine (correct matching-number with the hull).

The boat, accompanied by historical certifications, is in excellent condition as it is occasionally used in fresh water.

More information available on request.

The cockpit is characterized by a double row of seats, a liftable pilot seat for stand-up driving, and a folding bow seat backrest to form a large sundeck. Upholstery and cushions in cream and lobster colours with removable sundeck on the bonnet.

Staging and technical:

Anchor (con cima), Water pressure pump, Secondary Propeller, cradle (in legno), Fenders (con calze blu Riva), swimming ladder (mogano).

Security equipment:

Oars (e mezzo marinaio originali in mogano).

Accessories notes:

VDO instrumentation for Riva (combined tachometer count, oil pressure gauge, ammeter, water temperature, fuel level); Compass; Throttle lever.

Riva blue boat towel; Sunbathing cushion; Original cigarette lighter;
