Description

With the 1414 Demon, Frauscher takes the yachting feeling to the next level. The Austrian studio led by Gerald Kiska gave the boat an automotive-derived aesthetic, characterized by clean lines, a vertical bow, Z-shaped sides and a frameless windshield. This iconic line has allowed the boat to win prestigious awards, including the Best of Boats Award in 2016 and the German Design Award in 2018. This magnificent boat combines the design elements typical of the Frauscher brand, such as the straight bow, the dark frameless windshield and the carbon air intakes, with the pleasure of a sporty drive unique for a 46-footer, with unimaginable livability, large spaces both in the cockpit and below deck. The boat - demonstration - was completely overhauled in 2024-2025 by the importer. "0" hour engines, new antifouling, new upholstery, new systems. Fully polished hull, thorough professional teak treatment. Unique opportunity for value for money, available immediately!
