Description

This X-372 has an excellent sail wardrobe with a white painted carbon mast and rod rig.

The X-372 is a Danish performance cruising yacht of the 1980s/90s. To this day, the X-372 is considered a fast, seaworthy cruiser racer with unusually good build quality and balanced sailing characteristics. The construction with galvanized steel frame to accommodate keel and mast loads is a typical X-Yachts feature. She runs high upwind and keeps the course stable.
