Description

The Riva 48 Dolceriva is an elegant open motorboat capable of combining tradition represented by classic details such as the mahogany deck with the most advanced construction technologies. A characteristic element is the windshield that extends laterally for about a third of the length.

Another distinctive detail is the folding transom that transforms into a comfortable and large terrace overlooking the sea, reminiscent of the legendary stern of the Aquarama in which function was perfectly integrated with form.

The boat, launched in 2021, is in impeccable condition, like new as it has only 20 hours of navigation carried out by the sole owner.

Yacht ready to the buoy that does not require any special work.
