Owner speaks : The POGO 36 is a fantastic boat capable of moving very quickly from one point to another in complete safety. The layout is simple yet highly efficient, whether underway or at anchor, even with a crew of six. The electric winch, the gennaker on a furler, and the spinnaker sock make maneuvering a breeze. Its shallow draft, combined with its pivoting keel, allows access to anchorages reserved for shallow-draft boats. With a wide stern and a hot-water cockpit shower ... even swimming in our chilly waters becomes a pleasure. In short, it's an ideal boat that's hard to part with.
