Description

The ultimate inshore/offshore boat, built on Grady-White's legendary SeaV²® hull, the 281 Coastal Explorer is a real game-changer! Brimming with ingenuity, starting with a new standard electrically folding platform on the port side with folding ladder and the newly designed aft bench with three different configurations, this top-of-the-line Grady-White boat offers three times the thrills. From fishing in shallow waters and deeper offshore canyons, to driving in luxury and style to and from the sandbar, this incredibly versatile boat will be a joy for the whole family!

Only one engine is available for this boat, namely two Yamaha V6 3.8cc 300hp. It is possible to have the boat with the standard or hydraulic wheelhouse or install

Yamaha's Full Manuverability system which, thanks to the Joystick, allows the owner to perform any type of manoeuvre with great ease. The 281 can also be ordered without engines

only with the hydraulic steering system installed.

Star Fortune is a company with thirty years of experience in the sector that is interested in the sale of new and used boats.

Since the end of the 80s, Star Fortune's activity has been the import, distribution and sale of yachts of the world's best-known leading brands.

During the years spent in the nautical world, Star Fortune has developed a network of collaborations with the most important companies in the sector on five continents.

Today, Star Fortune has also specialized in the marketing of used boats on world markets.

Highly specialized personnel collaborate with us who follow all the phases of the negotiation from the beginning, suggesting the best financial, logistical and everything related to it solutions both nationally and abroad.

Star Fortune is in contact with a worldwide clientele and for this purpose our operators know English, French, Spanish and Russian.

In addition to the main office, Star Fortune has a showroom in Carasco, a municipality adjacent to Lavagna.

The showroom is suitable for the shelter of boats in rooms equipped and prepared for the display of yachts for sale, which are presented set up as if they were at sea and ready for the buoy.

Among the numerous services, Star Fortune, knowing the best professionals and thanks to the experience gained, having imported and distributed the best world brands, is able to assist its customers all over the world.

Accessories notes:

Standard equipment that makes the 281 a real reference in its category.

The materials: woods, leathers and eco-leathers are of excellent quality and the construction care is maniacal.

High-performance engines and an unsinkable hull designed to face even the most extreme ocean navigations make this boat a born fishing machine. It is possible to install the Minn-Kota system, an innovative solution that acts as an approach propeller and an electronic anchor. This system is electric, so silence during use is guaranteed.

It is possible to access the on-line configuration service directly from the Grady White website to get an idea of the very high levels of customization achievable by this cost explorer.
