## Description

---

### ARS MARE RS 33 FLY – ITALIAN SOLIDITY, COMFORT AND GREAT LIVEABILITY

The ARS Mare RS 33 FLY is one of those boats that perfectly represent the best tradition of Italian boating: solid construction, excellent seaworthiness, well-designed spaces and a versatility that still makes it an extremely interesting choice for those who want to experience the sea with family and friends.

Built at a time when the quality of materials and structural strength were key elements of the design, this boat offers safe and comfortable navigation thanks to a well-designed marine hull and reliable shaft line transmissions, which have always been appreciated for their simplicity, durability and low running costs.

The flybridge is one of its greatest strengths, giving a second helm station with exceptional visibility and additional space to live in while sailing or at anchor.

The interiors are welcoming, bright and particularly functional, while the outdoor spaces allow you to fully enjoy every day at sea. A boat designed for family cruising, but marine enough to tackle more demanding navigations with great peace of mind.

This unit is in good overall condition and is an ideal solution for those looking for a real cruising boat without having to deal with the investments required by newer models.

#### STRENGTHS

- Flybridge with second helm station
- Safe and reliable marine hull
- Shaft line transmissions
- Robust construction and quality materials
- Excellent livability for the family
- Well-distributed interior spaces
- Large external cockpit
- Simplified maintenance compared to many competitors
- Versatile boat for day and weekend cruises
- Excellent value for money

The ARS Mare RS 33 FLY is proof that a good boat never goes out of style. Solid, reliable and built to last, it continues to offer everything an owner is looking for: safety, comfort and the authentic pleasure of sailing.

A particularly interesting proposal for those who want to enter the world of boating with a concrete, well-built boat ready to give new adventures at sea.
