ENGINE MANUFACTURER Volvo Penta D6 440	ENGINE HOURS 65	HORSE POWER 2 X 440 HP	

## Description

---

First launch and first use in 2024.

The Solaris Power 40 Open – elegant, sporty and fully equipped – is a practical alternative to the new model, available immediately. Designed for enjoying the Mediterranean on day trips, days at anchor, weekends and multi-day cruises, it offers a high standard of outdoor living thanks to its walkaround design, spacious cockpit, generous dinette and sun decks at the bow and stern. With a capacity of up to 12 people, it allows you to enjoy the sea with family and friends, comfortably spread across relaxation areas and social spaces. The interior layout, featuring two cabins, four berths and a separate toilet with shower, ensures comfort and privacy even for proper cruises, not just day trips. The upgraded Volvo Penta D6 440 engine (2 x 440 hp), Volvo joystick, autopilot and bow thruster make navigation and manoeuvring straightforward even with a small crew. A 1,000-litre fuel tank, a 260-litre water tank and a 5 kW Fischer Panda generator increase range and independence, even when away from marinas. Less than 70 hours on the clock. A ready-to-use, modern and fully equipped boat, designed for those seeking a premium open boat to enjoy straight away.

Hull printed in 2023.

Second-hand Solaris Power 40 Open. The details provided in this listing are not to be considered binding.
