## Description

---

The important processes carried out: The exclusive Hard Top, perfectly integrated with the sporty line of the boat; The elongated stern platform embellished with teak; in addition to the protection and comfort they offer, they give us a modern product, "a true COUPE' of a superior category".

The spaces on the outside allow a typical livability of 33/35 feet.

The horseshoe-shaped sofa with table that can be transformed into a sundeck guarantees great comfort to comfortably accommodate 5-6 adults in total relaxation.

The interiors enjoy much more livable spaces than the average and usually found in larger boats.

The central dinette allows an adult person to stand comfortably, a rare detail on boats of this size.

Going down, the dinette is spacious: The kitchen is well equipped, the internal relaxation sofa and the bathroom are adequate.

The double cabins, the Owner's cabin in the bow in an enclosed environment, and the aft Guest Cabin, (very large), are what you need even for long cruises.
